

sented to each surviving officer and soldier of the Regiment, and that for these purposes the sum of \$20,000 be appropriated. The Report was ordered for consideration on Monday.

Mr. Yancy gave notice that he would, on Monday next, ask leave to introduce a bill to emancipate Charles a slave of David L. Adams. This slave it seems, had accompanied the late Lt. Adams to Mexico, was personally engaged in all the battles and marches in which the Regiment participated, and behaved with much gallantry throughout.

Mr. J. M. Allen, of Barnwell, introduced a resolution, the purport of which is, that two-thirds of the members of each House concurring, that the Hon. Jno. S. Richardson has become incapacitated from mental and physical infirmity, to discharge the duties of a Law Judge, and that his seat is declared vacant. The resolution will be considered on Monday.

A bill to incorporate the South Carolina Press Company, received its second reading, and was sent to the Senate.

The report of the Committee on the Judiciary, on "a bill to amend the practice in the Court of Chancery," came up for consideration, and gave rise to a lengthy and animated debate, in which the following gentlemen participated: Messrs. Yancy, Mcminger, Hunt, Porter, Walker Elliot, Sullivan, Tillinghast, DeSaussure and Thomson. Upon the question of agreeing to the report recommending that the bill do not pass, there were ayes 77, noes 32. So the bill was rejected.

BARTER—While we have been feeding the starving Irish, \$28,000 have been sent from Ireland to propagate Popery in this country. This is evidence of the generosity of the Irish heart. It proves too the energy with which Romish priests collect money from the people. But is Irish Popery an equivalent to our corn?

CHEMICAL ANALYSIS OF TEA—In the memoirs of the London Chemical Society, there is an interesting paper by Mr. Warrington, on the analysis of tea in which he states that he has not only removed the whole of the coloring matter, or glazing, from the green tea, but he has been able to analyse the matter removed, and prove it by chemical evidence to consist of Prussian blue and gypsum principally. So that in fact, the drinkers of green tea, as it comes to the English market, indulge in a beverage of Chinese paint, and might imitate the mixture by dissolving Prussian blue and plaster of Paris in hot water. The Chinese do not drink this painted tea, they only sell it.—*Gardner's Chronicle*.

EXTRAORDINARY CIRCUMSTANCE.—We have heard the particulars of an extraordinary circumstance that happened lately in Glasgow, which may almost be denominated a romance in real life. A person in business died lately whose life was insured for \$30,000. Immediately after his death, this sum was laid claim to by no less than three families, consisting each of a wife and children, and what is singular, the one family seems not to have been cognizant of the others. Which family is the legitimate one, nobody at present can say until further inquiry is made; but it seems that each marriage was celebrated by a clergyman in this city, and the wives have been maintained in a respectable manner. It appears that he was in the habit of living a fortnight at a time in each house successively.—*Glasgow Journal*.

TRIBUTE OF RESPECT.

The Baptist Church of Christ, and congregation at Broadmouth met, and was called to order, on the 28th of November last 1847, for the purpose of paying a tribute of respect to our beloved and respected brother in Christ and fellow-citizen, B. F. MATTISON, 1st. Sergeant in Company E, who nobly fell in the battle of the city of Mexico.

The meeting was organized by calling the Rev. W. P. Martin to the Chair, and Wm. Long to act as Secretary. The object of the meeting being explained by the Chairman, a motion was then made and carried that W. P. Martin, John Wilson and Wm. Long be a committee to draft a suitable preamble and resolutions for the same. The meeting then adjourned to meet again at candle light.

Met according to adjournment, when the committee presented the following preamble and resolutions, which was unanimously adopted:

WHEREAS, we have received the painful intelligence of the death of our beloved brother in Christ and fellow-citizen, B. F. Mattison, who fell in the late battles at the city of Mexico, and who was one amongst the first to respond to the call of the President upon the citizens of Abbeville in the fall of 1846. And after undergoing the fatigues of a march, and braving the dangers of the watery deep, and encountering the enemy in various instances, finally offered up his life upon the altar of patriotism as a sacrifice to his beloved and devoted country at the battle which finally resulted in the capture of the city of Mexico. And although his remains together with those of

his gallant companions in arms who fell with him, has been left to moulder in the dust on the plains of Mexico, we have good reason to, and do, believe (from the signal evidences he at all times exhibited of his piety and virtue, and the stability of character which he ever sustained, both as a Christian and fellow-citizen) that his immortal spirit is now rejoicing in climes of eternal bliss and glory, where we hope to meet it one day or other to part no more, and join in praise to the Redeemer forever and ever. Therefore,

Resolved, That in his death, this church has lost a valuable member, and the community a devoted, patriotic and gallant citizen, and that we do lament his untimely death, and deeply sympathize with his bereaved parents—George and Nancy Mattison, and family.

Resolved, That the editor of the Abbeville Banner be requested to publish this preamble and resolution in his valuable paper; also, that the editors of the Southern Baptist are requested to copy the same.

Resolved, Further that this preamble and resolution be recorded in the Church book, and a copy of the same be handed to the bereaved family.

GREENWOOD, S. C., Dec. 6, 1847.

The Board of Trustees of the Greenwood Male and Female Academies, under the control of the Baptist Denomination, take pleasure in informing the friends and patrons of these institutions and the public in general, of the efficiency and success with which they have been conducted the present year: That Mr. and Mrs. Nicolls considering themselves permanently located in this place, the Board feel justified in affirming that under the able Rectorship of Professor R. H. Nicholls a thorough and complete course of instruction in the various branches of female education will be imparted to those committed to his care. And while the Board regret that the increasing ill-health of Mr. W. L. Harris renders it necessary for him to discontinue the Rectorship of the Male Academy they congratulate themselves and patrons in having employed Mr. Allen Dederick as his successor. Mr. Dederick brings with him testimonials of the most satisfactory kind from the Rev. W. D. Strobel, the Rev. Geo. Nell A. M. and others, the authenticity of which as well as the high literary and moral character of the gentlemen giving them are substantiated by the Rev. John Bachman D. D. of Charleston S. C. Mr. Dederick has been teaching the present year in Georgia and or attention was directed to him as a gentleman well qualified to take charge of the Institution by the Rev. W. J. For the liberal Patronage which these Institutions have received during the present year the Board feel thankful; and with the increased and increasing facilities which they offer for intellectual and moral culture, the Board confidently look forward to their Patrons, Friends and a generous Public for a continued and increasing patronage.
